

Loose Change

(Barya Lang Po sa Umaga)

by Bona Rae Villarta (May 26, 2011)

Everyday, we find coins that only fall to the ground
They were neglected for one reason or another
But every coin is valuable, and sometimes businesses need them
So that they are accurate in their earnings.

At the start of the day, some businesses start from scratch
That's why they appreciate exact amounts from us
For their products or services
So that they won't have a hard time early on.

But what about loose change?
They're valuable to both people and business
We keep them for a rainy day
And they count as every amount they earn, be it day, week or month.

They're valuable to all of us
We should never forget to have some of them every day.
